6 CHECK

Already deployed to a web server, ...

Where is your video file?

☐ On your computer:

File path:

Examples: /path/to/video.flv

/Volumes/server/path/to/video.mov

Choose...

☒ Already deployed to a web server, Flash Video Streaming Service, or Flash Communication Service

7 TYPE

rtmp://media.tacomacc.edu/video/name.flv

→ rtmp://media.tacomacc.edu/video/HealthInfoDisc1.flv

Examples: http://mydomain.com/directory/video.flv

rtmp://mydomain.com/directory/video.xml

8 CLICK

Continue

Please enter the URL of your Flash Video file. The extension should end with .flv for Flash Video, or .xml when using Flash Video Streaming Service. The URL's scheme must be either rtmp or http. Relative URLs are assumed to be http.

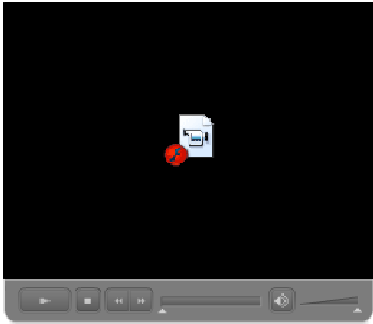

Go Back → Continue Cancel

9 CHOOSE

"SteelExternalAll.swf"
Skin

Import Video

Skinning

The video's skin determines the appearance and position of the play controls. The easiest way to get Flash video up and running is to select one of the provided skins.

To create your own look for the play controls, create a custom skin SWF, select "Custom" in the Skin drop-down box, and enter the relative path of the skin SWF in the URL field.

To remove all play controls and only import your video, select "None" from the Skin drop down box.

Minimum width: 270 No minimum height

Skin: SteelExternalAll.swf

12 OPEN Movies Folder

13 CREATE

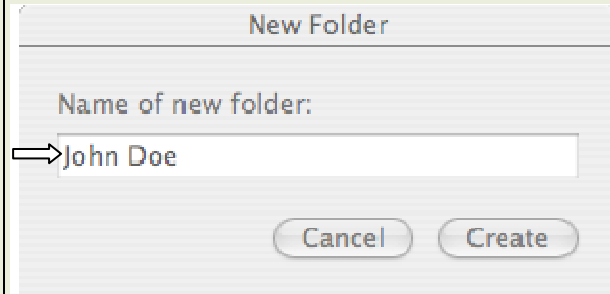

New Folder

A dialog box titled "New Folder" with a light gray background. It contains a label "Name of new folder:" followed by a text input field containing the text "untitled folder". At the bottom right, there are two buttons: "Cancel" and "Create".

14 RENAME

TeacherName

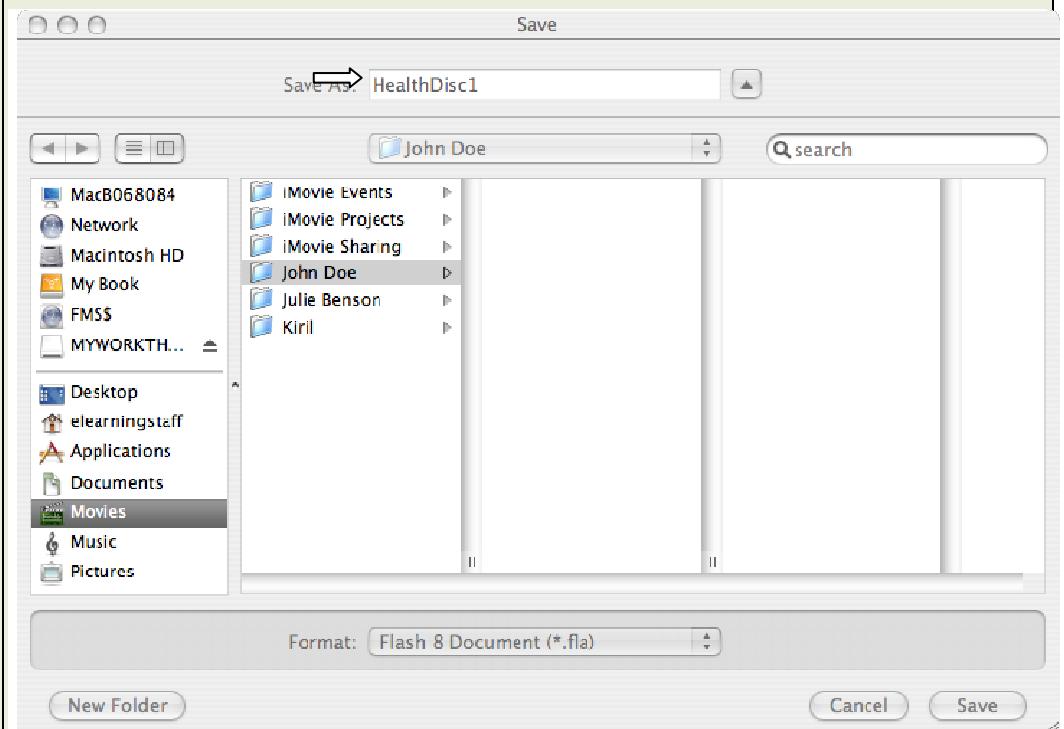

A dialog box titled "New Folder" with a light gray background. It contains a label "Name of new folder:" followed by a text input field containing the text "John Doe". A white arrow points from the left towards the input field. At the bottom right, there are two buttons: "Cancel" and "Create".

15 SAVE

HealthDisc1

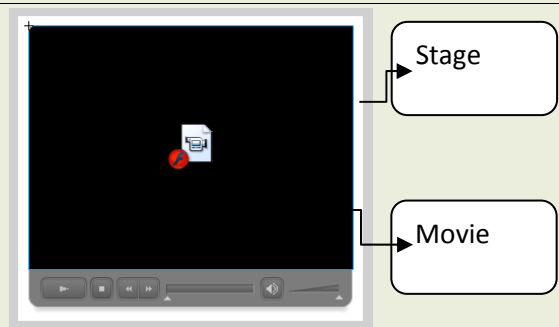

"Use name of movie
or project"

A "Save" dialog box with a light gray background. At the top, it says "Save" and "Save As:". Below this is a text input field containing "HealthDisc1". To the left of the input field is a small icon of a folder. Below the input field is a search bar with the text "John Doe" and a magnifying glass icon. To the left of the search bar is a list of folders: "MacB068084", "Network", "Macintosh HD", "My Book", "FMSS", "MYWORKTH...", "Desktop", "elearningstaff", "Applications", "Documents", "Movies", "Music", and "Pictures". To the right of the search bar is a list of folders: "iMovie Events", "iMovie Projects", "iMovie Sharing", "John Doe", "Julie Benson", and "Kiril". At the bottom, there is a "Format:" label followed by a dropdown menu showing "Flash 8 Document (*.fla)". At the bottom right, there are three buttons: "New Folder", "Cancel", and "Save".
